* AIA is a registered Trademark of the American Institute of Architects

Includes free phone support and training for one year, a 60-day money-back guarantee and 2 user licenses.

Contractor Billing: Billing Made Easy

Manage your progress billing payment applications quickly and easily with Quantum Project Manager's Contractor Billing program. No more key stroking and math errors from manual calculations. With Quantum Project Manager, you'll save countless hours now spent filling out forms, doing manual calculations and tracking charges and changes. And that translates into lower costs and more time to grow and profitably build your business.

The Contractor Billing program handles all retainage calculations and has options for sales tax, stored materials, unit pricing, and tracking accounts receivable. It's easy to complete the application for payment, continuation page, schedule of values, change orders, remaining balance worksheet, list of subcontractors, schedules, Gantt charts, task lists and other project reports and forms. You can print to plain paper formats or to pre-printed AIA* documents. You can customize the text on the plain paper payment application and include cover letters or an invoice and attachments. You can even create and customize four different types of waiver and release documents that can be conditional or unconditional and based on a progress or final payment. You can create PDF or RTF files from any report, and you can email your payment applications with a few clicks of the mouse. There are also several other AIA* documents supported by the Contractor Billing program. You can also **post invoices to QuickBooks™** Pro or higher (versions 2003-2010) and import companies from QuickBooks™ customer/vendor lists.

Note: The Contractor Billing program has some plain paper billing documents that may meet your billing needs. The Contractor Billing program also prints information onto pre-printed original AIA* Contract Documents, which users must purchase from AIA*. This program does not generate any original AIA* Contract Documents.

The Quantum Project Manager Suite

Flexible, easy-to-use tools for serious contractors

The Quantum Project Manager Suite was engineered to manage and track all of your project needs with ease. With Quantum Project Manager, you can produce estimates and bid proposals for a project, complete contract documents, generate progress billing payment applications, print certified payroll reports and create and track all of your communications along the way—all with one simple, easy-to-use tool. And while the Quantum Project Manager programs are designed to work together, each program can be used independently. The program supports multiple users on a network, has password security options, and includes a backup/restore program.

Bottom line: the Quantum Project Manager Suite provides serious tools for serious contractors. For more information, visit www.quantumss.com, email sales@quantumss.com or call 1-800-894-1278.
